Athlete Council report

Mathieu Indome has decided to step away from his role as male Athlete rep.

With many of our past council members having moved on – we would like to launch another call for applicants later this summer. There is interest from a few different athletes who would like to get more involved, and through the process we can find a new male athlete rep.

We have also begun discussing our desire to organize a gently used shoe drive. We need to obtain collection boxes and finalize where the shoes will go once collected. More details to come!
