## Selection Principles:

- All events at the trials will be in accordance with IAAF rules.
- Each province/territory can enter up to a maximum of two athletes per event and have one relay team per event.
- There is no limit to the number of events that a competitor can enter.
- A province/territory may enter only one relay team in each relay event.
- An athlete is permitted to try out for only one province/territory per Games.
- All athletes seeking selection to the 2009 Canada Summer Games Manitoba Team must compete at the Manitoba trials and remain $100 \%$ competition-ready for the Games.
- Follow up on medical issues will involve a certified Sports Therapist.
- Injury may result in de-selection, should an athlete not be able to compete at $100 \%$.
- Final determination will be made with consultation of Games staff, personal coach(s), a certified Sports Therapist and the athlete.
- If an athlete is unable to compete at the trials due to personal reasons (i.e. death of a family member or friend, exams, transportation breakdown etc.) they must immediately inform the Head Coaches of Team Manitoba, Donna Kaye / Jill Neumann of their status/situation. This can be done in person or by phone and must be followed up with a letter submitted to the Head Coaches.
- All appeals must be submitted in writing by 5:00 p.m. (CST) on the last day of the 2009 CSG Manitoba Trials.
- Team selection will be finalized by 12 midnight (CST) the day following the end of the 2009 Manitoba Trials, pending extenuating circumstances.
- All athletes selected to the team will be contacted by the CSG Staff by email, phone or in person.
- If the roster is not complete with athletes attaining the required standard within the designated time period, it will be at the discretion of CSG staff to determine if the addition of athletes will be in the best interests of Team Manitoba.
- This principle also applies to extra relay positions and/or relay alternates.

## Selection Criteria:

- All athletes must compete in the designated finals at the Trials.
- All athletes must compete in the same event at the Trials as they would in the Games.
- For example: If you wish to compete in the women's 200 m at the Games, you must compete in the designated women's 200 m final at the Trials.
Note: Once an athlete has been selected to the team, they could be entered in an additional event that they did not compete in at the Trials if, in the opinion of the Games staff, it is in the best interest of the team. This will not deselect another athlete from an event. For example, scratch John from the 200 m for Frank who qualified for only the 400 m .
