Expression of Interest –Intent to Participate Athletics Manitoba Warm Weather Training Camp – Clermont, Florida Approximate Dates: April 25 – May 10, 2016

Important Notes:

1. Targeted athletes for this training opportunity included athletes on the Performance Pathway, Canada Summer Games prep squad members and other high performance athletes.
2. The total estimated cost for accommodations, ground transportation and track access is \$900. This is based on accommodations at the Tuscana Resort and Spa, in a 4 room condo unit with 8 athletes per unit. NOTE: You are responsible for your flight.
3. The deadline for registration is March 29, 2016. A cheque for \$450 MUST accompany your registration. The balance is due prior to departure by April 20, 2016. Final balances would be determined once all bookings are completed and final costs are confirmed. If the camp does not go ahead the cheque will be returned or destroyed.
4. Cheques are to be made out to Athletics Manitoba. Forms can be mailed to or dropped off at Athletics Manitoba. You can also return forms and cheques to Alanna Boudreau or Chris Belof at the track.
5. As already noted, the costs for this camp have been built around 8 athletes in one shared condo, if the number of athletes travelling changes this could affect the overall cost per individual. (Ex: 10 athletes, might require 2 condos with 5 per unit, thus increasing the overall cost per person). The same should be noted for the rental vehicles.
6. In the event that the number of athletes registered exceeds a reasonable capacity for the number of coaches in attendance (and based on event group/training requirements) we may have to consider limiting the size of the travel group. Alternatively, athletes should have be prepared to train independently.
7. Athletes are responsible for booking their own flights and transportation to the resort. Athletes and coaches are also responsible for arranging their own travel health insurance.
8. Athletes may use their funding to cover costs associated with this training camp; however, in all cases it must be done after travel is complete and upon submission of receipts.

Please note: A full cost breakdown has been provided for you to review. There are a number of different types of accommodations available with substantially different price points and ranging in distance from the Training Centre. An overall budget has also been included for planning purposes; it includes estimates for fuel contributions, food purchases and flight costs. Please use this information as necessary to help with your planning and decision making but understand that prices may change depending on when we book and which options are selected.
