May - Office Report

Staffing

Summer staff positions have been filled.

Outreach Coordinator - Ryan MacDonald

Outreach Facilitators – Janine Zajac, Brooke-Lynn Boyd, Jamie Dumaran, Rachael McLeod, Gee-ef Nkwonta*, Oyinko Akinola*

*Part time.

Programming

Outdoor season is well on its way!

Early spring outreach clinics have been slow (some bookings but less than last year). Ryan is reaching out to other partners and are working on new initiatives. (CSI program, Run The World program, NSIW)

MB Games preparation is taking off in full force, Noelle has been working with the Sport Chairs and has a site visit in Dauphin scheduled for later this week.

Junior High Championships are next Tuesday (June 4th), with MHSAA Championships the 6-8th.

We are working with MASRC to organize NAIG trials which are taking place June 14-15th

Equipment

Ryan is working with Scot Dressler to review the inventory of equipment and organization of the Butler Hut. He is preparing a draft plan that will be circulated to coaches for storage solutions for training equipment.

The throws cage has not yet been installed. We need to coordinate with a crew of volunteers (or U of M staff) and decide when we will be able to tackle this project. Also need to determine IF it can remain in place throughout the winter moving forward.

Officials

We recently met with AMOC to review and set the 2019-2020 officials budget. We also updated our list of requested mentorships. We already have two mentorships scheduled for this summer. One at Junior/Senior Nationals and one at the Alberta Championships.

We are coordinating with SK, to determine their needs and how we can assist with Tri Province.

We are also working on sourcing and obtaining quotes to re-establish the officials “gift” program for achieving each level of certification.
