Athletics Manitoba, through Run Manitoba, inaugurates a new road race in 2006 to continue a celebration of running into the 21st century. We call it the "Millennium Y2K Road Race Series".

Each year, the distance of the feature race will increase by one kilometre and connect to the calendar year. The 1st annual 2006 event is a 6K called the Athletics Manitoba Y2K-6K. In subsequent years, we will have a Y2K-7K in 2007, a Y2K-8K in 2008 and so on....this would be a great race series to come back to year after year!

Why not consider being around for the Y2K-15K in the year 2015, the half-marathon distance Y2K-21K in 2021, and the full marathon Y2K-42K in the year 2042?

The race is designed for every calibre of runner, and will be a great way to conclude your local road running season. The race starts and finishes in the parking lot adjacent to the Heritage-Victoria Community Club, and follows a newly certified race route.....which will change each year to accommodate the new distance!
